

Mothering Sunday 2018

Beneath the cards and the flowers gifted to 'that caring and supportive someone' there is a simple message of love and appreciation that can be given on Mothering Sunday. For many years now Mothers' Union have supported this act through our fantastic Make a Mother's Day Appeal where our ethical gifts have the added benefit of making a difference to mothers and communities around the world.

On Mothering Sunday this year (11th March 2018) we want to reach out to the church community as a whole, whether you have a Mothers' Union branch or not, in order to equip you in your celebration and worship for this special day. Visit our website for resources including liturgy prepared by staff and students at St. Mellitus theological college
