

God of all, disturb our hearts and
deepen our commitment for
action. Help us work towards
creating a world where every
person is free from the threat of
violence and abuse, and able to
live their lives fully and joyfully.

You formed us in Your image,
and breathed life into us.

We ask for transformation of
heart for perpetrators, alongside
strong laws that protect victims
and survivors.

Help us grow in our awareness
that we are all connected,
enabling us to walk in peace and
to have life in abundance. Amen.

Mothers' Union vision is of a world where
God's love is shown through loving,
respectful, and flourishing relationships.

For 150 years, in response to the vision of
Mary Sumner, who founded this
Christian movement, Mothers' Union has
more than 4 million members actively
involved in over 80 countries.

Men, women, single and married are
now joining this work of transforming
lives and communities.

Both locally and globally, Mothers' Union
works to support family life through
prayer, policy and practical action.
